NAZIS TIGHTEN TRAP ON ALLIES

National Safety Council Warns The Mortarist

Summer Trek Starts On Memorial Day And Many Lives At Stake

Chicago, May 29—(UP)—Five hundred lives will be at stake when motorists start their summer trek on Memorial day, the National Safety Council said today.

If present trends continue, the council predicted, more than 8,500 persons will be killed in traffic during June, July and August—500 more than met such violent death during the same period in 1939.

April death figures compiled by the council showed an increase over the previous year for the fourth consecutive month and composite figures for the first third of the year revealed a 6 per cent increase in fatalities over last year.

From Jan. 1 through April 30, there were 9,390 traffic deaths in the United States, 2,370 of them in April.

Ways to Reduce Toll

The council suggested four ways to reduce the toll:

1. Check your car before a trip—especially tires, brakes and steering apparatus.
2. Take it easy on the road. Start in plenty of time. Don't speed or take chances in passing.
3. Don't drink if you drink.
4. Don't take anything for granted at railroad crossings intersections and side roads.

Twenty-one of the 43 states reporting showed decreases in fatalities in April, compared to 1939, and 16 states registered improvement for the four-month period.

Much of the increased death rate can be attributed to city traffic, figures revealed. April traffic deaths in cities were up 7 per cent, and cumulative figures showed an 8 per cent increase over the January-April period in 1939.

Honor States

Delaware led the state death reduction honor roll for the four-month period with a 45 per cent drop, which saved 10 lives. Idaho's toll was reduced 32 per cent.

South Dakota went through April without a traffic death. Oklahoma, Calif., led the honor roll of lesser states for the four months with 21 fewer deaths, a 66 per cent decrease. Jersey City and Washington reported reductions of 50 and 46 per cent.

Jersey City, Providence, R. I., Toledo, O. and Dallas, Tex., were the only other cities with population above 250,000 to report perfect records in April, with no deaths.

Say Farmer Cusses In Front Of Woman

Arthur Legacy, farmer residing five miles south of Kankakee, was arrested yesterday by Constable Joseph Pettit on a warrant charging him with disturbing the peace, using profane and obscene language in the presence of a woman and threatening to do bodily harm.

The complaint is Claudia Martin, a neighbor, and the dispute was said to have arisen over turning of cows out to pasture along a public thoroughfare. The case will be heard at 3 o'clock next Wednesday afternoon before Police Magistrate Edward Hennicke and a jury.

Red Cross Wires Local Chairman For More Funds

Original quotas in the Red Cross drive for war relief funds are to be regarded only as minimum contributions, the national office telegraphed President Irving Munson of the Kankakee county chapter today in stressing the vast need for aid of civilians caught in the European war zone.

The telegram read in part: "When the American Red Cross asked for \$10,000,000 no one could foresee in two short weeks greatest tragedy in all history unfolded. Impossible to describe pitiful plight of millions of refugees in France, sick, wounded, hungry and homeless."

"Will need much more than \$10,000,000 so original quotas should be regarded only as minimum."

The only limitation should be the generosity of the American people. The drive should be completed in the shortest possible time.

The first quota for Kankakee county was \$2,400; this has since been doubled.

The local drive under Chairman Irwin P. Witt enters its second phase this week with establishment of Red Cross booths in various downtown locations under supervision of Mrs. Elizabeth Maslin. A special committee is also canvassing business and industries for contributions.

Neighbors File Protest Over Dairy Plant

A complaint filed for the circuit court today alleges that if Howard Beedy goes ahead with his plan to establish his Ash Grove dairy plant in Hobbie Heights, the following conditions will result:

Loading of trucks will cause harsh and loud noises in the early morning hours.

Flies, mosquitoes, rodents and other insects and animals will be attracted and infect the neighborhood.

The structures will be of such material, shape and size to be inconsistent with the neighborhood.

There will be noxious and offensive smells, tainting and corrupting the air.

The suit against Beedy is by Mary Lang, Neal M. Saville, Alice Woody and Elmer Kirchner, all of whom say they own property near the proposed site of the dairy plant. They name Ray Benoit, alleged to have contracted with Beedy to erect the buildings, as a party defendant.

The plaintiffs, who say their neighborhood is an old established residence section, asked a temporary injunction against the dairy establishment and a hearing on a permanent injunction. The temporary restraining order was issued yesterday afternoon by Circuit Judge Luther B. Bratton.

The plaintiffs are represented by Attorney Donald Gray.

Blitzkrieg On Treasury Says Thos. E. Dewey

Charges Incompetents At Washington Plan To Handle Defense Cash

Birmingham, Ala., May 29—(AP)—Thomas E. Dewey, candidate for the Republican presidential nomination, declared today the Roosevelt administration "blatantly proposes" to use defense expenditures "to turn the country into a collection of 'incompetent' and 'half-witted' managers to squander billions of dollars."

Dewey said in a speech prepared for Republican party members that after "seven destructive years" under President Roosevelt, "we must face the menace of a warring world with our business life restricted, our industry weakened and our whole system suffering from artificial economic anemia."

"In this situation," he asked, "what course does the administration choose?"

"It blandly proposes to handle the present emergency with the same methods it has used to meet the many emergencies of its own creation during the last seven years. It says all that is needed is that congress vote more billions of dollars."

Rabbi Mirovets Found Dead On Floor At Home

Members Of Flock Find 'Body After Two Days' Absence From Services

The Rev. Joseph Mirovets, 53, rabbi of Bnai Israel synagogue, was found dead last night in the living room of his home, 834 South Schuyler avenue.

The body was found at 7 o'clock by a party which had gone to the residence to investigate his absence from services at the synagogue. He had been dead for some time and death was apparently due to cerebral hemorrhage.

The rabbi had been at home alone for several days because Mrs. Mirovets had been called to Chicago by the illness of a daughter.

He was not present for services Friday night but members of the congregation surmised that he had gone to Chicago.

Investigate Absence

When he did not appear for services yesterday afternoon, Samuel H. Shapiro, Harry Portnoy and Hyman Arnow, members of the congregation, went to the residence to investigate, accompanied by Deputy Sheriff Gene LaFontaine.

They found the body lying face down. There had been a hemorrhage.

The body was immediately taken to Chicago where funeral services were conducted at 2 o'clock this afternoon, standard time, at the Weinstein funeral parlors, Central Park avenue and Roosevelt road. Burial was in Chicago.

Rabbi Mirovets is survived by the widow, Besie, a son Louis of Chicago and daughters Mrs. Ruth Kite and Miss Sadie Mirovets, also of Chicago.

Here 21 Years

He had been rabbi here for 21 years. The synagogue at 334 South Dearborn avenue was erected soon after he assumed charge here.

Coroner A. E. Kerger issued the required burial permit last night and will conduct an inquiry into the cause of death later.

War Fever Rises In Italy After Belgium's Fall

Million And Half Volunteers Enlist Through Fascist Party

Rome, May 29—(AP)—The surrender of the Belgian army on the western front appeared today to have ended any chance the allies may have had to keep Italy out of the war by relaxing their blockade restrictions.

Italy's war fever heightened with the Belgian collapse, and active Italian intervention in the conflict seemed to many to be but a question of days.

Civilians began today to take over some of the pasts left vacant by men called to arms and the government prepared to make many other such replacements in case a civil mobilization is put into effect.

Young Fascists served as traffic police and women and girls were seen in Rome in uniforms and helmets riding motorcycles equipped for air raid precaution duties.

Lillian goes shopping!

Good Evening Folks:

Have you a glider that needs to be recovered? Then the Third Floor of the Chicago Store has just what you have been wishing for. Glider slip covers to fit all types of gliders. These covers will save you the cost of a new glider, perhaps. They are made of striped canvas, lacquerized. The bright colors in these covers will give an old glider a new appearance. Now for that brand new glider you just bought, there is a cover called "Fisherman's Slicker." It is a pretty slick idea too. Just like a glider raincoat. A protection from rain, sun and dust, to keep your glider fresh and clean when not in use.

The Loma Leads twin print frock this week, is a sensation. The printed chiffon dress is the companion to the twin print crepe slip. That ensemble looks as though it would be such a cool outfit to wear during the warmer weather all summer long! Specially for dress up occasions.

It won't be so very long now, until you will be cutting fresh flowers in your garden every day. You simply don't have them, then let me tell you where you can get the loveliest. In the basement of the Chicago Store. There you will see tables of the most exquisitely designed vases, of which are simply divine. Make a selection for your favorite flowers that will enhance the beauty of the bouquets.

Have you heard about the new 5-day underwear pads? These little, sweetly-scented pads are so convenient. Just take one pad from the jar. Rub it out both arms then throw away. Apply a new pad and allow the cream moisture to dry, and presto—you will have that sense of security, knowing you will be free from underwear odor for five days. These little pads used faithfully relieves excessive underwear perspiration, keeps the underwear dry and comfortable in warm weather. And don't forget the gentleman members of the family will like these pads too. Because there is no cream to use, they will not mat hair, and it is unnecessary to shave before using.

I'll bet many times you have wished you could keep right up to the minute with the new styles. Well here is one way that you can. The Chicago Store has a new style ensemble, called "The Style of the Month," in belts, neckwear, novelty jewelry, handies, gloves and bags. Very inexpensive, but the cutest styles you ever saw. They are really the "last word" in style touch, and worn with different frocks will give an effect of an elaborate wardrobe.

You will find the cutest slips and panties to match, in the infant's department. The set is made of material called rayon tricot, soft as silk and will not wrinkle. The sleeveless slips are fashioned with a built up shoulder finished with an insert of ruffled bottom. Neckline, arm holes, bottom of ruffle are trimmed with the daintiest of lace edging. You will want several if these sets for that little girl of yours, size 4 to 12.

If you insist upon getting a Master hair stylists work, then hurry over to the beauty salon and let Norman create a style for you. A hair expert, hair shaping and a good permanent is the foundation of all hair styles. So if you need a new permanent, why not get it now before the weather gets too warm. You can't get long folks, I wish you a happy holiday.
